QUEEN OF SOUL

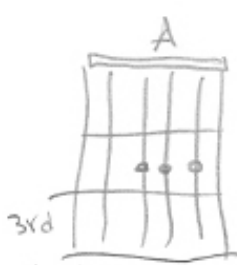

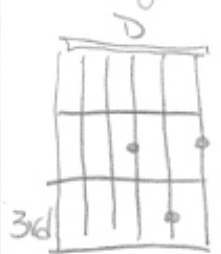

Girl your voice is like an ocean deep in a woman's eyes
 Girl your choice in a man is the thing that makes a woman cry
 Worlds collide when the people hear you sing
 No denying every body knows the Queen

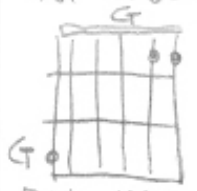

Queen of Soul
 Queen of Soul
 Queen of Soul
 Queen of Soul

There's a woman in the room
 In the stillness of her presence
 There's a woman at the tomb
 and another in the tower

Bridge:

There's a woman at the well talking to the King of Kings
 and he didn't have to tell her much to tell her everything
 All about her life
 All about her love
 All about the water she was so in need of

But you already know Queen of Soul
